

PhD Admissions Autumn 2026-27

Research Areas

- Structural Biology & Bioinformatics
- Molecular Biology, Cell Biology & Developmental Biology
- Biophysics & Computational Biology
- Microbial Systems & Host-pathogen interactions
- Proteomics & System Biology
- Cancer & Immunology
- Neurodegenerative diseases & Genetic Disorders
- Tissue Engineering & Drug Delivery
- Sensors, Devices & Instrumentation
- Neurophysiology & Neuroengineering
- Computational Medicine & Biomedical Informatics
- Medical Optical, Ultrasound Imaging & Image Processing
- Robotics for Healthcare applications
- AI/ML in health care applications
- Psychology, Behavioural Science
- Motor Control, Biomechanics, Rehabilitation Engineering

Schedule of PhD Interviews

Detailed PhD Admission Process: [click here](#)

List of Projects floated: [click here](#)

- Advertisement (on IITB website) : **March 20, 2026**
- Availability of Application Forms : **March 25, 2026**
- Last date for submission of completed application REGULAR forms (without late fine) : **April 10, 2026**
- Last date for submission of completed application EXTENDED forms (with late fine) : **April 14, 2026 by 5.00 p.m.**

Interview process for Group A **BSE: Biosciences and Engineering Group**

Round 1 - Written Test : May 12, 2026
Round 2 In-Person Interview (First Level): May 13, 2026
Round 2 In-Person Interview (Second Level): May 14 & 15, 2026

Interview process for Group B **MedEngg: Medical Engineering Group**

Round 1 - Online Interview: April 24-28, 2026
Round 2 - In-Person Interview: May 13 & 14, 2026
